ZACHTRONICS INDUSTRIES
SPACECHEM

When asked for your SpaceChem key, enter the following:

0000-0000-0000-0000

WINDOWS:

Insert the CD into your computer. If AutoPlay launches, select "**Install SpaceChem**" and follow the installer. If Auto-Play does not launch, navigate to the "**Windows**" directory on the CD and run "**install-spacechem.exe**".

MAC OS X:

Insert the CD into your computer. Navigate to the "**Mac OS X**" directory on the CD. Run "**Mono-2.6.7.dmg**" and follow the installer. Afterwards, open the zip file "**SpaceChem.zip**" and drag the "**SpaceChem**" app into your Applications folder.

LINUX:

Insert the CD into your computer. Navigate to the "**Linux**" directory on the CD and read the "**README**" file.
